

This is an apple.
Apples are red and
sometimes they are
yellow or green.
Apples can be found
in many countries.
Have you heard of
the saying that an
apple a day keeps
the doctor away?

 I have a question!

-  Is this true or is this just a saying?
-  A It is a saying but doctors tend to advise you to eat healthy food like apples.

Miss Tania: It is a saying but doctors tend to advise you to eat healthy food like apples.
